Wesleyan College - Kids College Summer Camp	(Ages 4-13) Academic Enrichment, Day Camp

If you wish to request information concerning the qualifications of your child's teacher and/or paraprofessional, please contact the school principal.

What is My Role in Supporting My Child's Success?

Parents are an important part of the Title I team and are partners with the school in helping their students achieve. **As the parent of a child in a Title I school, you have the right to:**

Be **engaged** in the planning and implementation of the parent and family engagement plan and program in your school

Ask to read the progress reports on your child and school

Request information about the professional qualifications of your child's teacher(s) and/or paraprofessionals including the degrees and certifications held, and whether the teacher is certified in their respective area of instruction

Help to **decide** if Title I is meeting your child's needs, and offer suggestions for improvement

Ask about your child's school designation under the Every Student Succeeds Act (ESSA), Title I, Part A

Know if your child has been assigned or has been taught for 4 or more consecutive weeks by a teacher who does not meet applicable State certification, licensure requirements, or district requirements for certification

Help **develop** your school's plan for how parents and schools can work together.

What is the School District's Role in Supporting My Child's Success?

Local educational agencies (LEAs) are defined as school districts, county offices of education, and direct-funded charter schools that **are responsible for the following actions:**

Plan and implement educational programs, activities, and procedures as required under Title I that engage parents

Reserve 1% of Title I funds for parent and family engagement activities if the LEA receives more than \$500,000

Develop a parent and family engagement plan with the participation of parents

Provide full opportunities for participation of parents with limited English proficiency, disabilities, and parents of migratory children, and when appropriate, in a language and format that they can understand

Conduct an annual evaluation of the parent and family engagement plan and implement changes based upon the findings of the evaluation

Build parent capacity by providing literacy and technology trainings that will help parents work with their children to improve academic achievement

Build capacity of school staff by providing resources that will assist staff in communicating with parents and working in partnership for students' academic success.

What is the School's Role in Supporting My Child's Success?

Some Title I schools are schoolwide programs. This means that school staff work to improve the school's educational program in an effort to increase the achievement of all students, particularly those who are low achieving and thus could benefit from extra supports or services. Other schools may have a targeted assistance program, which means that only certain students and their parents can benefit from the additional services Title I provides. **Title I schools are responsible for the following actions:**

Involve parents in the planning, review, and improvement of Title I programs, including the school parent and family engagement plan

Develop jointly, with the parents of participating students, a school-parent compact focused on academic achievement

Inform parents in an understandable language and format

Offer parent meetings at various times or in various formats (schools may also pay for transportation and child care, when reasonable and necessary)

Provide information to parents about the state standards, curriculum, and assessments and how parents can monitor their child's progress

Build parent capacity by coordinating and integrating parent programs and activities with other federal, state, and local programs.

For more information regarding Title I, contact the Office of District Effectiveness and Federal Programs at 478.765.8582.

Low-Cost, Home Internet with WiFi

Cox opens a world of opportunity for families that have a K-12 student and receive government assistance.

- No Annual Contracts
- Free Installation
- No Deposits
- Free WiFi Modem

Available to qualified, new Cox internet customers

connect²
COMPETE

Qualify Now!

Learn more at Cox.com/LowCostInternet
or call 855-222-3252.

*Restrictions apply. Families with K-12 children who are eligible for the National School Lunch Program, SNAP, and/or TANF; who receive Tenant-Based Vouchers, Project-Based Vouchers or Section 8 Project-Based Rental Assistance (PBRA); and/or who live in Public Housing, are eligible for Cox's Connect2Compete discounted Internet service offer. Not available in all areas. "No annual contract" means no specific term period requirement and no early termination fees. All Cox services are provided subject to end-user service agreements (including mandatory arbitration provisions) and other policies, which may be found at www.cox.com/aboutus/policies.html. Offer is available to qualifying new residential Cox Internet customers in Cox service areas who meet eligibility criteria. \$9.95/month includes Connect2Compete Internet service (up to 15 Mbps download speeds) on a single wired outlet. One WiFi modem included with initial activation (may include refurbished wireless gateway). Additional equipment is extra. Advertised program pricing available while eligibility criteria are met. Includes WiFi network access at multiple locations across the country. See www.cox.com/hotspots for available coverage areas and hotspots. No installation charge for standard install on one prewired outlet. Additional installation, applicable taxes, and other fees are extra. Actual Internet speeds vary and are not guaranteed. See www.cox.com/internetdisclosures for complete Cox Internet Disclosures. Then-current Internet service and modem lease rates will apply when program eligibility requirements are no longer met. Re-enrollment not permitted. Offer, prices and eligibility requirements are subject to change. Offer and eligibility are also subject to Connect2Compete program terms and conditions. Call 1-855-222-3252 for restrictions and complete details, or visit Cox.com/C2C. Connect2Compete is a program to provide home Internet service for families. It is not a school program, and is not endorsed or required by your school. Your school is not responsible for Connect2Compete accounts. No school funds were used for this notice.

New This Summer...

Basic Hair & Nail Art: 4th Gr. Up

OUR FIVE BEST GAMES

2019 All-You-Can-Eat 5-Game Plan

Our 2018 inaugural season was a smashing success for Middle Georgia.

- Sold out 11 of our 22 home games
- #10 in attendance across summer collegiate baseball (395 teams)
- #2 in attendance in the Coastal Plain League
- 2018 Coastal Plain League Organization of the Year

Here's what you get with each Macon Bacon 5-game plan that you order:

- 1. Opening Night.** Our first home game of the season is sure to be a home run. We will have fireworks, great entertainment and some good old fashion baseball.
- 2. Choice seat locations.** The best seat locations go to our full season ticket buyers. The second best seat locations go to our 10-game and 5-game plan holders. These seats are right behind the box seats.
- 3. All-You-Can-Eat.** At every game you attend with your 5-game season ticket, you'll get all of the hot dogs, burgers, cheeseburgers, chicken sandwiches, soda and water you want during the game.
- 4. Free Macon Bacon hat.** This is a limited edition hat you can't get in the team store. You get one hat per 5-game plan that you buy.
- 5. Two Fireworks Shows.** Two of your games will include a spectacular post-game fireworks show.
- 6. Ticket Exchange Program.** If for some reason you can't make a game, you can exchange any unused tickets for tickets to another game, based on availability. You can exchange before or after the game has passed. Just give us a call.
- 7. Highly limited.** Our outdoor grilling limits and our desire to have short lines allows us to sell no more than 1000 of these packages per game. This all-inclusive plan is not available for the single game buyer.
- 8. Highly affordable.** Just \$15 per game. That's just \$75 per 5-game plan.
- 9. Easy Payment Options.** We make it easy for you to pay for your Macon Bacon tickets. Your first payment is 1/6 of your your total amount. We can then spread the remaining payments over five months via credit card. Each payment will take place 31 days after the initial deposit.
- 10. Get your seats.** You can order your 5-game plan seats by calling or texting our offices at 478-803-1795. Or, you can visit our website at www.maconbaconbaseball.com.

Fresh grilled hot dogs, burgers and chicken all game long. Plus all the soda and water you want.

You'll see first hand how much fun you can have at a baseball game.

The Macon Bacon hat you will receive

Day	Date	Opponent	Theme	Time
Friday	May 31	Florence	Opening Night/Fireworks	7pm

MACON-BIBB COUNTY 4-H

To Make The Best Better!

4-H believes in the power of young people. We see that every child has valuable strengths and real influence to improve the world around us. We are America's largest youth development organization—empowering nearly six million young people across the U.S. with the skills to lead for a lifetime.

ENROLLMENT

In Bibb County 4-H, we invite all 4th-12th grade students to enroll in our program. Enrollment is free and club meetings are held in schools and at the UGA Extension office throughout the school year. We currently have 1003 4-Hers enrolled in Macon-Bibb county.

PROJECT ACHIEVEMENT

Students choose a project area of interest, research the topic, and write and present a presentation. 4-Hers develop leadership, creativity, public speaking, record keeping, and other skills. In 2018 Macon-Bibb had 79 4-Hers compete in Project Achievement.

JUDGING TEAMS

Judging Teams help youth to develop life skills in the areas of decision making, critical thinking, oral reasoning, self-confidence and problem solving. Macon-Bibb 4-H offers Land, Consumer, and Wildlife Judging teams.

SUMMER CAMP

Georgia 4-H hosts over 8,000 students every summer at one of our five 4-H centers, including Rock Eagle 4-H Center, which is the largest 4-H center in the world! Every camp offers great adventure, friendship, and fun. All seek to develop the Head, Heart, Hands and Health to make the camper a better person.

COMMUNITY SERVICE

Through its pledge of "hands to larger service," 4-H has historically given back to the community by encouraging young people and adults to volunteer. In Macon-Bibb, our program strives to complete one service project a month. In 2018, we completed 15 projects.

SHOOTING SPORTS

Project SAFE (Shooting Awareness, Fun and Education) provides youth a place to develop a sense of belonging, learn teamwork in a safe environment and increase concentration skills.

Macon-Bibb County 4-H has trained volunteers who lead BB and Shotgun clubs.

Mathnasium® Learning Centers

Welcome

Mathnasium provides excellent instruction and a premier teaching method. *Your child's success is our first priority.*

Mathnasium offers the finest mathematics instruction worldwide. We utilize a time-tested approach that provides initial and ongoing assessments, customized learning plans, personalized instruction, and guided practice to build each student's math understanding and skills.

Mathnasium teaches math in a way that makes sense. As students gain a greater understanding of math, their excitement toward the subject grows. Excitement leads to passion, and passion leads to growth. At Mathnasium, we have helped tens of thousands of children grow to not only understand math, but to love it as well. We look forward to working with you and helping to build a successful future for your child.

What To Expect

Excellent Instruction

Mathnasium bridges the gap between traditional and newer math programs by helping students master number facts, build computational skills, and improve Number Sense. Beyond helping children earn good grades and achieve top scores on standardized tests, Mathnasium cultivates an intuitive understanding of math, teaching kids to become strong problem solvers and preparing them for bright futures.

Premier Teaching Method

Mathnasium is a learning center with qualified instructors, individualized instruction, and customized learning plans. While a tutor helps students get through "tonight's homework", our primary role as a learning center is to uncover and directly address gaps in students' knowledge that are the underlying causes of their current difficulties in school. Since math is a cumulative subject, it is extremely important to make sure students have mastery of prerequisite knowledge from previous grades if they are going to have success in their current grade and beyond.

Success

Wherever your child's math skills are at currently, we offer the tools to make sure his or her grades are improving. We believe your child's scholastic progress and improved attitude will be obvious to you, but we also rely on report cards and standardized assessments to measure our success over time.

Mathnasium Results

Research & Results

Mathnasium parents were polled to find out how they felt about sending their children to our learning centers.

The Mathnasium Method™

EVALUATE

Comprehensive Assessment

We conduct a comprehensive written and oral evaluation to assess what your child knows and does not know.

EDUCATE

Customized Learning Plan

From your child's assessment we construct a customized learning plan that targets skill gaps and develops Number Sense.

Individualized Instruction in a Group Setting

Students receive personalized instruction that follows their learning plans and caters to their individual needs. We use a combination of techniques that work with different learning styles – written, mental, verbal, visual, and tactile.

Highly Trained Instructors

Mathnasium instructors are passionate about math and great with kids. They also receive specialized, ongoing training for teaching the Mathnasium Method.

Homework Help

Along with working through their customized learning plans, Mathnasium students receive homework help to solidify their understanding of concepts covered in their classwork.

VALIDATE

Ongoing Communication & Excellent Customer Service

An open line of communication is key to our mutual success. We keep you informed about your child's progress and his or her ongoing success at Mathnasium.

I know you're busy! As a Dad, I understand the hustle and bustle of everyday life! I've modeled our Mathnasium Centers just like a gym. You don't need to schedule your visits. Your son or daughter comes as often as you want! The only thing that does need to be scheduled is the initial assessment where we baseline your child's math skills. I look forward to partnering with you to help your child get ahead in math. -Jeff Rucker, Owner
